

Phonics Sounds: a

by Barbara Pratt

DIRECTIONS

Flash Cards & Small Flash Cards

Directions: Print and cut the words or letters out. (Laminate.) Place according to the color in sealable plastic bags and label each ending sound bag.

Flash Cards

Choose the ending sound you would like your child (or student) to practice. You (or a child that is at a higher reading level) can hold each card up for the child. Have the child say (and spell) the word out loud. Shuffle the cards and repeat.

Small Flash Cards

Have the child finish the beginning of the word with the different letters that are in the bag. Say (and spell) the words.

Games

Directions: Make two copies of level of words. (See the *Flash Cards & Small Flash Cards Directions*.)

Concentration

Lay out all the cards (the words the child is working on) face down. Turn two cards over and try to find a match. If the cards match, have the child say (and spell) the word and place the matching card on top of the other matching card. If the child does not make a match, turn the cards back over. Repeat the process until all of the cards have matching pairs.
